

Name: PVC pipe fitting mould

Size: 1 inch

Material: PVC

Item: Elbow 90°

Cavity: 8 Cavities

Cold runner

Die life: 30 million times

Pipe standards: American Standard

Mould Steel (cavity with steel/cores using steel): 2316

Special: We pay more attention to details.

Origin: Huangyan, China

Name: 90 ° electrofusion pipe mould

Size (inch) : 50. 63. 75. 90. 110. 140. 160. 200. 250. 315. 355.

400. 450. 500. 630. 720. 800

Material: PE

Item: Elbow 90°

Cavity: 1 Cavity

Cold runner

Die life: Two Years

Pipe standards: GB

Mould Steel (cavity with steel/cores using steel): 40Cr, P20

Special: We have unique processing technology and technical parameters, so can directly ship normal product without die trial.

Origin: Huangyan, China

Name: PVC pipe fitting mould

Size: 6 inch

Material: PVC

Item: straight connection

Cavity: 1 Cavity

Cold runner

Die life: 300,000 times

Pipe standards: American Standard

Mould Steel (cavity with steel/cores using steel): 2316

Special: We pay more attention to details.

Origin: Huangyan, China

Name: PVC pipe fitting mould

Size: 6 inch

Material: PVC

Item: Elbow 45 °

Cavity: 1 Cavity

Cold runner

Die life: 300,000 times

Pipe standards: American Standard

Mould Steel (cavity with steel/cores using steel): 2316

Special: We pay more attention to details.

Origin: Huangyan, China

Name: 45° electrofusion pipe mould

Size (inch) ; 50. 63. 75. 90. 110. 140. 160. 200. 250. 315.
355.400. 450. 500. 630. 720. 800

Material: PE

Item: Elbow 45 °

Cavity: 1 Cavity

Cold runner

Die life: Two Years

Pipe standards: American Standard

Mould Steel (cavity with steel/cores using steel): 40Cr, P20

Special: We have unique processing technology and technical parameters, so can directly ship normal product without die trial.

Origin: Huangyan, China

Name: 45° electrofusion pipe mould

Size (inch) ; 50. 63. 75. 90. 110. 140. 160. 200. 250. 315.
355.400. 450. 500. 630. 720. 800

Material: PE

Item: Elbow 45 °

Cavity: 1 Cavity

Cold runner

Die life: Two Years

Pipe standards: American Standard

Mould Steel (cavity with steel/cores using steel): 40Cr, P20

Special: We have unique processing technology and technical parameters, so can directly ship normal product without die trial.

Origin: Huangyan, China

Name: PVC pipe fitting mould

Size: 6 inch

Material: PVC

Item: Elbow 45°

Cavity: 1 Cavity

Cold runner

Die life: 300.000 times

Pipe standards: American Standard

Mould Steel (cavity with steel/cores using steel): 2316

Special: We pay more attention to details.

Origin: Huangyan, China

Name: PVC pipe fitting mould

Size: 6 inch

Material: PVC

Item: Elbow 45°

Cavity: 1 Cavity

Cold runner

Die life: 300.000 times

Pipe standards: American Standard

Mould Steel (cavity with steel/cores using steel): 2316

Special: We pay more attention to details.

Origin: Huangyan, China

Name: PVC pipe fitting mould 06

Size: 6 inch

Material: PVC

Item: Straight Tee

Cavity: 1 Cavity

Cold runner

Die life: 300.000 times

Pipe standards: American Standard

Mould Steel (cavity with steel/cores using steel): 2316

Special: We pay more attention to details.

Origin: Huangyan, China

Name: PVC pipe fitting mould 07

Size: 5 inch

Material: PVC

Item: straight connection

Cavity: 1 Cavity

Cold runner

Die life: 300.000 times

Pipe standards: American Standard

Mould Steel (cavity with steel/cores using steel): 2316

Special: We pay more attention to details.

Origin: Huangyan, China

Name: PVC pipe fitting expanding mouth mould

Size: 10 inch

Material: PVC

Item: Reducing Tee

Cavity: 1 Cavity

Cold runner

Die life: 300.000 times

Pipe standards: American Standard

Mould Steel (cavity with steel/cores using steel): 2316

Special: We pay more attention to details.

Origin: Huangyan, China

Name: pipe fitting mould

Size: 1 inch , 2 inch , 3 inch

Material: PPR

Item: Straight Tee, Concentric Reducers

Cavity: 2 Cavities

Cold runner

Die life: 300.000 times

Pipe standards: American Standard ,GB

Mould Steel (cavity with steel/cores using steel): 2738

Special: We pay more attention to details.

Origin: Huangyan, China

Name: 45° electrofusion pipe mould

Size (inch) ; 50. 63. 75. 90. 110. 140. 160. 200. 250. 315.

355.400. 450. 500. 630. 720. 800

Material: PE

Item: Elbow 45 °

Cavity: 1 Cavity

Cold runner

Die life: Two Years

Pipe standards: GB

Mould Steel (cavity with steel/cores using steel): 40Cr, P20

Special: We have unique processing technology and technical parameters, so can directly ship normal product without die trial.

Origin: Huangyan, China

Name: Flange electrofusion pipe mould

Size (inch) ; 50. 63. 75. 90. 110. 140. 160. 200. 250. 315.
355.400. 450. 500. 630. 720. 800

Material: PE

Item: Elbow 45 ° , Flange

Cavity: 1 Cavity

Cold runner

Die life: Two Years

Pipe standards: GB

Mould Steel (cavity with steel/cores using steel): 40Cr, P20

Special: We have unique processing technology and technical parameters, so can directly ship normal product without die trial.

Origin: Huangyan, China

Name : Tee electrofusion pipe mould

Size (inch) ; 50. 63. 75. 90. 110. 140. 160. 200.
250. 315. 355. 400. 450. 500. 630. 720. 800

Material: PE

Item: Elbow 45 ° , Straight Tee , Reducing Tee

Cavity: 1 Cavity

Cold runner

Die life: Two Years

Pipe standards: GB

Mould Steel (cavity with steel/cores using steel): 40Cr, P20

Special: We have unique processing technology and technical parameters, so can directly ship normal product without die trial.

Origin: Huangyan, China

Name : Handle mould

Size: 6 inch

Material: PVC

Item: others

Cavity: 4 Cavities, 8 Cavities

Cold runner

Die life: 300.000 times

Pipe standards: American Standard

Mould Steel (cavity with steel/cores using steel): 2316

Special: We pay more attention to details.

Origin: Huangyan, China
